To the People of Florida:

I welcome the opportunity to present this report on Florida's judicial system. The report has been prepared so that the general public and the Legislature may have a better understanding of the organization, operations, and workload of the State Courts System.

Data presented in the report for calendar years 1987 and 1988 show that Florida's courts are facing ever-increasing caseloads. The judiciary has addressed increased workload pressures through the implementation of a number of procedural enhancements, court improvement programs, and technological innovations. Many of Florida's courts have implemented alternative dispute resolution programs, which use mediation and arbitration to supplement the traditional judicial process. Time standards have been adopted for the processing of various types of litigation at both the trial and appellate levels. State-of-the-art computer systems have been installed in the appellate courts, improving automated resources for word processing, case management, legal research, and court administration. Public guardianship programs have been established in two circuits on a pilot basis and Florida's existing guardian ad litem program for abused and neglected children was enhanced to provide representation for children in divorce/custody proceedings. The Supreme Court adopted requirements for mandatory continuing judicial education and Florida judges can now participate in a broad range of annual conferences and educational specialty courses.

These enhancements in the State Courts System are but a foundation for improvements planned for the future. Florida's judiciary is committed to providing the citizenry with the most fair, expeditious, and cost effective ways possible to resolve disputes.

Sincerely,

Raymond Ehrlich
Chief Justice

FORWARD

The Florida State Courts System Report for calendar years 1986 and 1987 has been prepared by the Office of the State Courts Administrator, Management and Coordination Section. The purpose of the report is to keep the judiciary, as well as the general public, informed of the accomplishments, operations, and workload of Florida's Courts.

Florida's workloads have shown a significant increase during the 1986 and 1987 calendar years. The increase in circuit court filings from 1986 to 1987 was 5.6%. Increase over the same period for county court filings, with the exception of traffic matters, was 6.0%. Florida's district courts of appeal realized a 2.2% increase from 1986 to 1987. Yet, the size of Florida's judiciary has increased at only approximately half the rate of the increase of its workload, on an annual basis.

A number of major policy initiatives and programs were implemented during the two calendar years which are the subject of this report. Time standards were adopted for the processing of various types of litigation at the trial and appellate levels, first by administrative order and, subsequently, by rule of court. Another major policy initiative was in the area of mediation and arbitration. The Florida Legislature passed amendments to Florida law, by which court-annexed mediation programs could be established at the county and circuit court levels. The legislation also authorized both mandatory, non-binding and voluntary, binding arbitration. The Supreme Court developed rules which were adopted effective January 1, 1988, to implement the new law.

Signficant gains have also been made in providing improved resources for the courts and automating various court functions and information support services. Florida's appellate courts were completely automated during 1986 and 1987. Appellate judges, law clerks, and support staff now have a full complement of word processing, case management, automated legal research, and administrative applications support packages running on systems in each court. Initial work began on improving computer support for trial courts and streamlining procedures for capturing data from all of the trial and appellate courts.

A program that would place law clerks in Florida's trial courts was begun as well. Currently, half of Florida's 20 judicial circuits have been provided with law clerks. Generally, they are allocated on the basis of one law clerk for every three judges. The law clerks assist in virtually all of the divisions of the court, depending on the jurisdiction, as well as any number of administrative areas in support of chief judges.

Public Guardianship Programs were established in two circuits on a pilot basis. Florida's existing Guardian Ad Litem Program for abused and neglected children was expanded to provide volunteer guardian ad litem representation for children who are involved in dissolution cases where custody issues exist. Florida completed implementation of computer aided transcription pilot programs in the First and Twelfth Judicial Circuits. These programs involved not only the use of computer aided transcription for preparation of the court records, but also an entirely new approach to employing and managing court reporter resources.

In 1987, the Supreme Court adopted mandatory continuing legal education requirements for members of Florida's integrated Bar. Subsequently, the Supreme Court adopted similar requirements for mandatory continuing judicial education for Florida judges. Florida's continuing judicial education program has been expanded substantially to accommodate the new requirements. It includes a broad range of continuing annual conferences, as well as many specialty programs in such areas as juvenile law, the law and humanities, evidence, complex litigation, etc.

Successful implementation of these many policies and programs over the 1986 and 1987 calendar years is largely attributable to the dedication of the leadership of Florida's judiciary, various committees and councils which advise the Supreme Court, judges at all levels of the State Courts System, and their support staff.

FLORIDA STATE COURTS SYSTEM
OVERVIEW

THE JUDICIAL BRANCH

Since statehood in 1845, the Florida Judicial System has evolved from a collection of trial courts and a single appellate court to a unified court system. This system consists of two levels of appellate courts, the Supreme Court and the district courts of appeal, and two levels of trial courts, the circuit courts and the county courts. Figure 1 illustrates these judicial boundaries. The legal jurisdiction of these courts is provided by general law and is applied uniformly throughout the state.

The number of judges serving each court is also provided by general law, with the exception of the number of supreme court justices. This number is fixed at seven by the state constitution under Article V. The constitution authorizes the Supreme Court to recommend changes in appellate districts and judicial circuits, including the number of judges in these courts. Changes are made on the basis of uniform criteria and recommendations are certified to the Legislature prior to its regular session each year. Tables 2, 3, and 4 depict the number of judges in the District Court of Appeals, Circuit Courts and County Courts, respectively.

The voters of Florida amended the Constitution in 1976 to establish a merit selection and retention system for choosing justices of the Supreme Court and judges of the district courts of appeal. Appellate judges are appointed by the Governor from a list of qualified persons recommended by a judicial nominating commission. Circuit and county judges are elected by the voters in the respective circuits and counties in non-partisan, contested elections against other persons who choose to qualify as candidates for the position.

THE SUPREME COURT
OF
FLORIDA

ORGANIZATION OF THE SUPREME COURT

The Supreme Court serves as the state's court of last resort. It sits at the capital, Tallahassee, and has statewide jurisdiction. Florida's first state Supreme Court was created by Florida's first state constitution in 1838, but was not actually established until 1845 when Florida achieved statehood. The administrative structure, procedural authority, and jurisdiction of today's Florida State Supreme Court is set forth in Article V of the Constitution of the State of Florida.

The Supreme Court is charged with the responsibility of adopting rules for the practice, procedure, and administrative supervision of all courts; at both appellate and trial levels. However, these rules may be repealed, if necessary, by general law enacted by a two-thirds' vote of the membership of each house of the legislature.

The Supreme Court consists of seven justices, each of whom is appointed to serve terms of six years. Each of Florida's five appellate districts is represented by at least one justice appointed from the respective districts. In 1976, the voters of Florida amended the Constitution to establish a merit selection and retention system for choosing a justice of the Supreme Court. Appellate justices and judges are appointed by the Governor from a list of qualified persons recommended by a judicial nominating commission.

As an office term ends, the name of the justice who desires to continue in office is listed on a ballot during general election for a merit retention vote. If the majority of votes are not in favor of the incumbent justice, the Governor appoints another person from the list of applicants approved by a judicial nominating commission.

When Supreme Court Justices are meeting to review cases brought before them, the concurrence of four justices is necessary for a decision and five justices are required to constitute a quorum. Powers and jurisdiction are exercised by the Supreme Court *en banc* (i.e., seven justices) for appeals involving capital cases, the validity of a state or federal statute, or provisions of the Florida or federal constitution.

The Supreme Court also has supervisory responsibility over The Florida Bar, which is charged with the maintenance of the highest standards and obligations of the profession of law. Florida has an integrated Bar, meaning that all lawyers admitted to the practice of law in Florida must be members of the official professional association which is under the Court's constitutional authority to regulate. The Bar assists the Court in various ways, such as providing recommendations regarding appropriate disciplinary action against lawyers and educational services to its members.

JURISDICTION

Jurisdiction of the Supreme Court, as set forth in Article V of the Constitution of the State of Florida, extends to the following matters:

1. Appeals from final judgments of trial courts imposing a penalty of death and from district court of appeal decisions which declare invalid a state statute or a provision of the state constitution.

2. Appeals from final judgments involving the validation of bonds or certificates of indebtedness, and decisions by the Public Service Commission involving electric, gas, or telephone service.

3. Decisions by a district court of appeal which expressly construe a provision of the state or federal constitution, declare valid a state statute, affect a class of state or constitutional officers, or directly conflict with another district court of appeal or a Supreme Court decision on the same question of law.

4. Pending matters in a district court of appeal which are certified to be of great public importance or which have a great affect on the proper administration of justice throughout the state.

5. Questions of law certified by the Supreme Court of the United States or a United State Court of Appeals for which there are no controlling precedents in the Supreme Court of Florida.

6. Writs of prohibition to courts, all writs necessary to complete the exercise of its jurisdiction, writs of mandamus and quo warrant to state agencies and officials, and writs of habeas corpus.

ADMINISTRATION

Chief Justice

The Chief Justice presides as the chief administrative office of the judicial system, having the power to assign justices and judges, including retired ones who consent, to temporary duties for which they are so qualified and compensated. He is elected by a majority of the members of the court and assumes the position on July 1st of even-numbered years for a term of two years.

Should a chief justice die, retire, or become unable to perform such duties, the vacancy is promptly filled by the justice who has the longest continuous term of service on the court. This justice serves the balance of the term or until a successor is elected.

In addition to jurisdiction over all of the courts in Florida, the Supreme Court also exercises its authority to create, establish, appoint, and confirm positions, councils, commissions, and committees to perform such duties as the Chief Justice directs. Expand list of administrative duties including development of unified state court system budget, adoption of strategic plan for information technology, adoption of uniform personnel rules and pay plan use.

Clerk, Marshal, and Law Librarian

Each is appointed by the Supreme Court and serve at the Court's pleasure to perform various duties as directed.

The clerk is responsible for maintaining custody of records, files, the seal of the Court, and records of proceedings. He is also charged with the responsibility of collecting filing fees in all cases filed in the Court, issuing mandates as directed by the Court, and recording and notifying affected parties of any final judgment. The first clerk was appointed to the position in 1849.

The marshal is given authority to execute the process of the Court throughout the state, deputize the sheriff or a deputy sheriff in any county for this purpose, and oversee the custodial functions of the Court building, its grounds and furnishings. The first marshal was appointed to the position in 1935.

The Florida Supreme Court Library is the oldest state-supported library in continuous operation in Florida. There exists in the library an 1845 catalog of the 260 volumes in the first collection. The library has always been housed with the Supreme Court, even in its three prior locations. The library has primarily been intended for the use of the Supreme Court, but has always been open to members of the Florida Bar and the public from 8:00 a.m. to 5:00 p.m., Monday through Friday.

From 1862, the Clerk of the Supreme Court also served as Librarian. By 1899, the Court employed a full-time Assistant Librarian, and in 1957, the duties of the Clerk/Librarian were separated and the former Assistant Librarian assumed full authority over the Library.

Today, the Supreme Court Library contains 93,000 volumes, with nearly 10,000 monograph titles, 1,000 serial titles, 396 periodical titles, 32,000 pieces of mircrofiche, and 600 linear feet of archival and manscript collections relating to the Court, Justices, impeachments and the Constitution. In 1975, the Library became a U.S. Government Printing Office depository library. It is classified as a highly selection depository library and acquires court and administrative agency reports, the Federal Register, CFR and general government reference works.

The library has access to numberous on-line data bases for legal and general research, as well as bibliographic information.

Justice Data Center (JDC)

Until 1978, the executive branch of government provided data processing support for maintenance of statistical data on the judicial system. By August 1979, a central data center was in operation under the authority of the Supreme Court.

The Justice Data Center, located in the sub-basement of the Supreme Court Building, serves the data processing needs of the state courts system and the Department of Corrections. Its staff is comprised of four administration personnel, seven technical personnel and seven operational personnel. Applications development personnel are located in each user agency. The

Information Systems Section of OSCA provides such support for the state courts system.

Recent accomplishments of the JDC include upgrading the computing power to an IBM 3081 Model K, which provides 48 million characters of real memory and is capable of processing 14 million instructions per second. The total number of terminals in the network has expanded to approximately 1,400, with an average response-time of about 1.5 seconds.

The Justice Data Center has links to Florida Department of Law Enforcement through an IBM Series/1; to the State Comptroller's Data Center providing SAMAS information; and to West Publishing in St. Paul, Minnesota which provides Westlaw and a means for electronic transmission of court rulings. There is also a link to the Department of State.

Additionally, the JDC has two tape drives, 6 cartridge drives, two 1100 line-a-minute printers, an extensive network-monitoring facility and 30 billion characters of on-line storage.

Internal Auditor

The position of Financial Assistant/Auditor of the Chief Justice (Internal Auditor) was established in 1974 to assist the Chief Justice relative to his constitutional duties as the chief administrative officer of the state courts system. The internal auditor serves at the pleasure of the Chief Justice, acting in a confidential capacity and performing assigned duties.

In general, the duties of the internal auditor are to review, investigate or take such other action relative to programs, projects, and other matters as assigned by the Chief Justice, and to report such findings and recommendations thereon to the Chief Justice. Assignments may include the review and evaluation of internal controls and the conduct of financial, compliance, and performance audits of entities in the state courts system. In the conduct of audits, the internal auditor complies with accepted governmental auditing standards and other accepted standards when appropriate. The internal auditor may also serve in a liaison capacity with the Office of the Auditor General and other state agencies.

Office of the State Courts Administrator

The position of State Courts Administrator was created by the Supreme Court in 1971 to assist the Chief Justice in carrying out his duties as the chief administrative officer of the Florida judiciary. The State Courts Administrator serves at the pleasure of the Court and receives compensation as fixed by the Supreme Court.

The Office of the State Courts Administrator is designed to provide for professional administration regarding non-adjudicative functions of the state's judicial system. The duties of this office include preparing and submitting a tentative budget request to the Court and presenting the final budget to the legislature; representing the state court system before the legislature and other bodies regarding other matters which affect the state court system; coordinating, managing, and providing technical assistance to court-administered programs throughout the state; acting as staff to committees, councils, and commissions which have been appointed by the Supreme Court; assisting in the preparation of educational and training materials for court-related personnel; maintaining uniform financial cost data, workloads, and other statistical information which reflects the business of Florida's court system.

To aid in the administration of the state courts system, the State Courts Administrator is authorized to employ support staff as deemed necessary by the Supreme Court. The Office of the

State Courts Administrator is divided into three major divisions: Legal Affairs and Education, Court Programs, and Administrative Services.

CASELOAD

The caseload of the Supreme Court is represented by the number of filings and dispositions of appeals in mandatory review cases; discretionary review of decisions of district courts of appeal, orders and judgments of trial courts and questions of law certified by the United State Supreme Court or a court of appeals; and original proceedings. Figures and tables illustrating the Supreme Court's filings and dispositions are presented on the following pages.

THE DISTRICT COURTS OF APPEAL

ORGANIZATION OF THE DISTRICT COURTS OF APPEAL

By constitutional amendment and by statute, five district courts of appeal have been established in Florida. As specified in Article V (Section 4(a)) of the Constitution of the State of Florida, "there shall be a district court of appeal serving each appellate district."

A minimum of three judges must be in each district, but this number may be increased should the Supreme Court certify and the Legislature authorize additional judgeships. Three judges are required to consider each case, with the concurrence of two being necessary to render a decision. The legislature created the following appellate districts:

First Appellate District (Tallahassee) - First, Second, Third, Fourth, Eighth, and Fourteenth Judicial Circuits.

Second Appellate District (Lakeland) - Sixth, Tenth, Twelfth, Thirteenth, and Twentieth Judicial Circuits.

Third Appellate District (Miami) - Eleventh and Sixteenth Judicial Circuits.

Fourth Appellate District (West Palm Beach) - Fifteenth, Seventeenth, and Nineteenth Judicial Circuits.

Fifth Appellate District (Daytona Beach) - Fifth, Seventh, Ninth, and Eighteenth Judicial Circuits.

As of May, 1986, the five district courts were composed of twelve, ten, nine, nine, and six judge respectively. All district court of appeal judges are subject to the same system of merit retention as are the Supreme Court justices (Article V, § 10).

JURISDICTION

Jurisdiction of the district courts of appeal, as set forth in Article V (Section 4) of the Constitution of the State of Florida, extends to the following matters:

1. Final judgments or orders of the trial courts not directly appealable to the Supreme Court or the Circuit Courts, including those entered on review of administrative action and interlocutory orders to the extent provided by rules adopted by the Supreme Court.

2. Reviews of administrative action, as presented by general law.

3. Issuance of writs of habeas corpus, mandamus, certiorari, prohibition, and quo warranto to the extent necessary to the complete exercise of its jurisdiction.

4. Final judgments certified by the county court as involving matters of statewide application and great public importance.

ADMINISTRATION

Chief Judge

Article V, section 2(c), Florida Constitution, and the Florida Rules of Court (Rule 2.040) provide that one judge is to be chosen by a majority of the judges of each district court of appeal to serve as chief judge of the district. If no judge receives a majority, the chief judge is chosen by the chief justice of the Supreme Court.

The chief judge is responsible for the administrative supervision of the district court. He is specifically responsible for:

- Ordering consolidation of cases;
- Assigned cases to the judges for the preparation of opinions, orders, or judgments;
- Reviewing reasons for and times of contemplated absences of judges from the court; and,
- Dispatching of other court business as necessary.

The term of service for chief judge is two years, commencing on July 1st of each odd numbered year. Vacancies, when they occur, are promptly filed for the balance of the unexpired term.

Clerk and Marshal

Each district court of appeal appoints a clerk and a marshal who hold office at the pleasure of the court, performing duties as the court directs.

The clerks are located in the headquarters of the respective district courts of appeal. The clerk's time is fully devoted to the duties of the office, as he is not allowed to engage in the outside practice of law. Responsibilities of the office include: keeping the seal of the court and any books, papers, records, or files relating to court business; preparing notices; docketing; performing ancillary functions; and closing cases.

The marshals for the district courts of appeal have six major responsibilities. These include: courtroom duties, such as setting up the courtroom before each session and call each session to order; fiscal duties, including budget preparation, maintenance of accounting records and processing of all invoices for payment; purchasing and inventory duties; library management; maintenance; and other support services.

FLORIDA CONFERENCE OF DISTRICT COURT OF APPEAL JUDGES

The Florida Conference of District Court of Appeal Judges is composed of all active district court of appeal (DCA) judges.

The conference meets annually and conducts an annual education conference for the purpose of bringing developments in the law to all the appellate court judges. The conference is directed by its officers: the President, the President-Elect, and the Secretary/Treasurer. The executive committee is composed of the chief judges from each of the district courts of appeal.

CASELOAD

The caseload of the district courts of appeal is comprised of appeals, petitions for writs of certiorari, and original writs.

Figures and tables illustrating the district courts of appeal filings and dispositions are presented on the following pages.

THE CIRCUIT COURTS

JURISDICTION

The circuit courts constitute Florida's trial courts of general jurisdiction. The territorial jurisdiction of the twenty judicial circuits follows county lines. The circuit courts handle appeals from county courts, except those appeals which may be taken to the district courts of appeal. Additionally, these courts have the power to issue writs of mandamus, quo warranto, certiorari, prohibition and habeas corpus, and all writs necessary or proper to the complete exercise of their jurisdiction. Finally, the circuit courts are also given the right to issue injunctions and the power of direct review of administrative action as prescribed by general law.

ADMINISTRATION

Chief Judge

As provided by the Florida Constitution in Article V and the Florida Rules of Judicial Administration, the chief judge for each circuit is chosen by vote of the circuit and county judges in the circuit. However, if there is no majority vote, the chief judge will be selected by the Chief Justice of the Supreme Court. The term for the chief judge is two years and begins July 1st of each odd-numbered year. A chief judge may be re-elected to serve successive terms.

The chief judge has the responsibility of administrative supervisor over all courts, judges, and officers of the courts in the circuit. As administrator of the circuit, the chief judge is responsible for:

- developing an administrative plan for the circuit to run efficiently and properly;

- assigning judges to courts and divisions, and determining the length of each assignment;

- assigning judges to temporary duty within the circuit;

- appointing an "administrative judge" in any court or court division of the circuit to assist with the administration of that particular court or division;

- regulating the use of courtrooms, examining the dockets in the circuit, requiring status reports of the actions on the dockets; and

- examining the status of every inmate in the county jails.

Trial Court Administrator

Each of the twenty circuits has a trial court administrator assisting the chief judge in carrying out his administrative duties. The trial court administrator is selected by a majority vote of the circuit judges in the circuit and reports directly to the chief judge. The trial court administrator may provide support and assistance to the chief judge and other judges in the following management areas:

- budget administration;
- fiscal administration;
- facilities management;
- personnel administration;
- public information;
- caseflow management;
- jury management;
- witness management;
- information systems management;

- court reporting management;
- jail population management;
- court technology;
- dispute resolution;
- Guardian Ad Litem;
- court interpreters;
- pretrial release; and,
- probation.

Clerk of the Court

The clerk of the circuit court is elected by voters in the county for a term of four years. The office is located at the county seat. In counties where the necessity arises, the clerk has the authority to establish a branch office and to staff the office with a deputy clerk. The deputy clerk will have the authority to carry out the duties of the clerk in his absence.

The clerk keeps a progress docket on all proceedings going before the court. The clerk is also the recorder of all documents authorized or required by law to be recorded in the county. These documents are recorded in the "Official Records" which is the general series of books where the clerk is to register the time of filing, the filing number of each document filed for record, the type of document, and the names of the parties on the document. The clerk is responsible for recording documents upon payment for the services rendered.

CONFERENCE OF CIRCUIT COURT JUDGES

As provided by Florida Statute 26.55, the Conference of Circuit Court Judges meets annually to elect a chairperson. The chairperson then assumes the responsibility of calling all meetings and appointing all committees to effectively accomplish the goals of the conference. The membership is composed of active and retired judges throughout the state. The conference is responsible for:

- recommending improvements to the judicial system;
- recommending improvements in the rules and methods of practices and procedures in the courts;
- reporting their findings to the Supreme Court.

The chairperson of the conference must report to the President of the Senate and the Speaker of the House not less than 60 days prior to the beginning of the legislative session. At that time, the conference chairperson will advise the President and Speaker of any recommendation the conference may have concerning the laws of the state, amendments, or legislative action which the conference would like to have considered during the session.

COUNTY COURTS

ORGANIZATION AND JURISDICTION OF COUNTY COURTS

Each of Florida's sixty-seven counties has a county court which falls under the administrative supervision of the chief judge for the circuit in which the county resides. The chief judge may appoint a judge in each county to serve as the administrative judge, and a deputy court administrator may be appointed to assist with administrative responsibilities.

The county courts serve as the trial courts of limited jurisdiction. They have original jurisdiction in all criminal misdemeanor cases not arising out of the same circumstances as a felony which is also charged and in all violations of municipal or county ordinances. In civil matters, county courts have original jurisdiction in all actions at law in which the matter in controversy does not exceed the sum of $5,000, exclusive of interest and costs and which is not within the exclusive jurisdiction of the circuit courts. Civil actions of $1,500 or less are handled through small claims rules of procedure. In addition, county courts have original jurisdiction in all criminal or civil traffic cases. County court judges also serve as committing magistrates.

County court judges are elected to the court for a four-year term in non-partisan, contested elections against other individuals who choose to qualify for the office. To qualify as a candidate, the individual must have been a member of The Florida Bar for five years and be a resident of the county in which he serves. In counties with a population of 40,000 or less, the only qualification is that the individual be a member of The Florida Bar. Should a vacancy occur, the appropriate judicial nominating commission will submit a minimum of three candidates for consideration to the Governor. The Governor will then appoint one of the nominees to fill the vacancy for the appointed term.

CONFERENCE OF COUNTY COURT JUDGES

The Conference of County Court Judges was created by the adoption of Rule 1.120, Rules of Judicial Administration. The purpose of the conference is:

- o for the betterment of the judicial system of the state;
- o for the improvement of procedure and practice in several courts; and
- o to conduct conferences and institutes for continuing judicial education and to provide forums in which the county court judges of Florida may meet and discuss mutual problems and solutions.

The conference is managed by its officers, an executive committee, and a board of directors. The officers are the president, president-elect, immediate past president, secretary and treasurer, and one vice-president elected from each appellate court district. The executive committee is composed of the elected officers of the conference and an executive secretary. The board of directors consists of the executive committee and a member elected from each judicial circuit.

The conference holds an annual meeting; however, between annual meetings, all conference business is handled by the executive committee.

1987 ANNUAL REPORT

GA 48

PEACH STATE

Fifty Years of Wisdom, Justice, and Moderation

STATE OF GEORGIA
OFFICE OF THE GOVERNOR
ATLANTA 30334

Joe Frank Harris
GOVERNOR

TO THE MEMBERS OF THE GEORGIA DEPARTMENT OF PUBLIC SAFETY:

Each of you should be extremely proud of the record achieved in 1987 by the Department of Public Safety. It was the Department's 50th Anniversary and the actions and achievements of the members of the Department truly made it a Golden Anniversary year.

You faced your first big challenge within days after the beginning of the new year when you were called on to respond to a public safety situation in Forsyth County. The high degree of professionalism of the Georgia State Patrol was clear during those crucial hours when the spotlight of the nation was turned on Georgia.

The Georgia State Patrol began making significant contributions to our nation's fight against drugs by participating vigorously in the Federal Drug Enforcement Agency's highway drug interdiction program. GSP Troopers led the nation in the amount of cocaine seized from interstate couriers and placed second in the nation in the amount of drug-related cash seized.

In the area of highway safety, the vigilance of the Georgia State Patrol has not been diminished. Highway deaths per 100 million miles of travel this year dropped to 2.7, the lowest figure in history, but the number of DUI fatalities increased from 539 to 568 in 1987. Without question, the intoxicated driver still remains the number one highway safety problem.

Other than direct enforcement efforts, perhaps no activity impacts as greatly upon our citizens as does the Department's Drivers' Services division which provided 1.3 million residents with driver's licenses last year. Also to be commended are the men and women not in uniform who worked with dedication and diligence to support the uniformed divisions. I congratulate the Department on 50 years of service to the people of the State of Georgia and wish you the very best as you enter your second half-century.

With kindest regards, I remain

Sincerely,

Joe Frank Harris

Governor Joe Frank Harris
Board of Public Safety
Members of the General Assembly
Citizens of Georgia

Please accept for your review, the 1987 Annual Report of the Georgia Department of Public Safety, a summary of activities for the past calendar year.

The period covered by this publication marks the first full year I have served as your Commissioner of Public Safety and, hence, a report on my stewardship of the Department of Public Safety.

The year 1987 was the 50th Anniversary of the founding of the Department and we were pleased so many of you were able to help us celebrate the event. It is significant that during this anniversary year the Georgia State Patrol took giant strides toward national recognition.

Without diminishing its traffic enforcement program one iota, our troopers began looking beyond the traffic ticket for felons who use our state's roads and highways for their criminal purposes. Our program of Aggressive Criminal Enforcement resulted in 1,898 felony arrests, half of which were involved in drug trafficking. Of course, it has been in the area of highway interdiction of drug traffic that the Georgia State Patrol has achieved nationwide recognition. In 1987, Georgia State Troopers led the nation in cocaine seizures, and placed second in the amount of drug-related cash confiscated. It was a remarkable achievement and has led to GSP personnel being asked to lead drug enforcement seminars for other police agencies, both inside and outside the state of Georgia. Moreover, this teaching and experience-sharing activity was done entirely at the expense of the federal government or private associations.

There were many noteworthy achievements by this department in 1987, but perhaps none so spectacular as the response by the Georgia State Patrol to protect the Forsyth County civil rights marchers in January. The rapidity in which the members of GSP responded to the call and the professionalism and devotion to duty demonstrated during those critical early hours clearly illustrates the value of the Georgia State Patrol as the state's primary force for rapid response to statewide emergencies.

Out of that experience also came the realization that the force needed improved equipment and we began a program of improvement and upgrading that is still continuing.

The Department of Public Safety is grateful for the concern of the Governor and General Assembly in providing the money and staffing necessary to meet the challenges of law enforcement on Georgia's highways. Their support, and the support of the Board of Public Safety, will be matched by every member of this department as we work to better serve the citizens of Georgia.

Respectfully submitted,

Curtis D. Earp, Jr.

EXECUTIVE SUMMARY

The year 1987 was rather momentous for the Department of Public Safety. The year started with the excitement and high drama of the Freedom Marches in Forsyth County in January. At the midpoint of the year was the celebration of the 50th anniversary of the founding of the Georgia State Patrol. The year 1987 also marked the first real tests of Commissioner Curtis D. Earp's "getting back to basics" style of law enforcement within the Georgia State Patrol.

He initiated a "look beyond the ticket" program that encouraged troopers to examine situations with which they were confronted in terms of awareness for the presence of felons, habitual violators and drug couriers. This, along with a major departmental awards and decorations program, comprised the Trooper Recognition and Incentive Program (TRIP).

Working hand-in-glove with this program was Operation Nighthawk, the GSP version of the nationwide Operation Pipeline, a highway drug interdiction program initiated by the Federal Drug Enforcement Administration. The success of the program far exceeded expectations and made Georgia a model for other state police/patrol organizations to emulate. When the books were closed on 1987, the Georgia State Patrol had finished number one in the nation among participating "Pipeline" states in cocaine seizures with 548 kilograms. GSP finished second behind New Jersey in currency confiscated with $2,515,659. Troopers also seized 755 kilos of marijuana, good for seventh place among participating states. All in all, GSP made 949 drug-related arrests during the year.

The "Nighthawk" program was in place for all of calendar year 1987, but the Aggressive Criminal Enforcement (ACE) program, which provided recognition for every felony arrest, didn't get underway until July 1st. Nevertheless, troopers racked up another 949 arrests for other felonies.

The year had barely gotten underway when troopers were summoned to Forsyth County to assist in the security mission. During the first march, only the troopers from Troop B were directly involved, but when the second march occurred, with its estimated 20,000 participants, more than 350 troopers from every post in the patrol were summoned to Atlanta. The professional conduct and calm demeanor of the troopers earned the Georgia State Patrol accolades from government officials, the public and the media.

One of the fallouts from the mission was that Colonel Earp, cognizent of the discomfort sustained by troopers who had to wade through ankle deep slush and snow in their service oxfords, immediately set in motion a procurement action that brought the issue of all-weather boots to every trooper.

The department supervised the production of a 50th anniversary yearbook that was offered to all members along with numerous souvenir items such as cups, hats, belt buckles, tie tacs and the like. The climax of the year was a Golden Anniversary dinner at the Georgia World Congress Center. Governor Joe Frank Harris headed the list of special guests that included surviving members of the first Trooper School that graduated 80 troopers in 1937.

Although the year 1987 was exciting and significant, it was a fairly average year in terms of traffic statistics.

Traffic deaths in Georgia numbered 1,604, up from the 1,542 of 1986. However, the miles of travel within the state increased commensurately from 49 billion miles in 1986 to 51 billion miles in 1987.

Accordingly, the most telling statistics in accident reporting—the death rate and fatal accident rate per 100-million miles traveled—actually declined. The death rate was 2.7 per 100-million miles, down 14.8 percent, and the fatal accident rate per 100-million miles was 2.5, down 12 percent from the previous year.

The Alcohol and Drug Awareness Program (ADAP) reached approximately 120,000 high school students in the four-hour class mandated by the state legislature.

The Motorcycle Safety Unit, established early in 1987 under the Special Operations Division as a legislative mandated program, made a tremendous amount of progress in its first year. The Georgia program became the first accredited by the National Motorcycle Safety Foundation.

The Driver's License Section of the Drivers Services Division, which issues approximately 1.3 million drivers permits annually, in 1987 achieved a significant honor. It became the first such section to achieve 100 percent certification of its eligible examiners under a program established by the American Association of Automobile Administrators. The basic concept of this program was to upgrade the professionalism of all certified examiners and to assure that individuals conducting driver examinations are qualified in displaying extensive skill, knowledge, experience and training in the art of driver licensing.

During the year, the Georgia State Patrol continued its practice of being in high profile during danger times, particularly during the holiday weekends, when its presence will make an impact on highway safety.

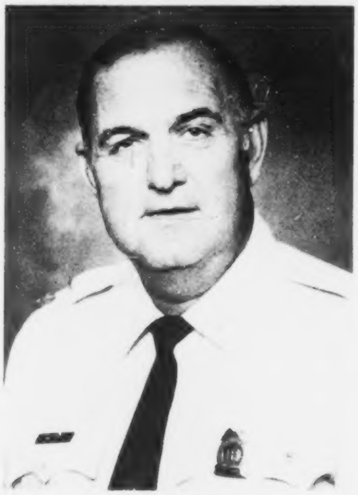
Deputy Commissioner



Lt. Col. T. H. Braswell

Commissioner's Office

Administrative Aide

The Administrative Aide assists the Commissioner in setting his daily calendar, handles visitors, coordinates the use of the conference room, and provides such other administrative assistance as the Commissioner may require.

Public Affairs Office

In 1986 the name of the office was changed from Public Information, to avoid confusion in the minds of citizens who believed they were reaching a general information center instead of the office charged with being the conduit of information to the media.

During 1987 the office produced news releases about traffic safety programs as well as holiday weekend traffic forecasts. News media inquiries were handled by the office, either directly, or by referral to the appropriate office.

Day-to-day activities of the Department were reported through the Daily Bulletin. DPS employees were encouraged to report any news from their area to the PAO for inclusion in the Bulletin.

The Department's Photo Lab and the Graphics Unit also were included in the public affairs section. All Departmental photos and accident pictures were processed by the Photo Lab.

In-house art work was handled by the Graphics unit. Most brochures and cover designs, layouts for Departmental manuals and annual report also were done in-house by the Graphics unit.

Planning and Research

This office, consisting of a Planning Officer, two assistants and a secretary, reports to the Deputy Commissioner. As a staff-oriented function, Planning and Research routinely develops and proposes plans for both immediate problem resolution and long-range goals of the Department. The office also reviews the effectiveness and need of many ongoing programs. In addition, Planning and Research provides statistical and analytical support as needed by the Commissioner and his staff, the drafting of correspondence or studies which require supportive research, and other duties.

In 1987, Planning and Research was assigned 148 projects. One hundred and twenty were completed, four were discontinued and twenty-four were being worked on at the end of the year.

Some examples of the types of projects assigned to the office include the following:

- Development of post and troop territorial boundaries.
- Development of a uniform Incident Report Policy.
- Determination of placement of additional positions.
- Development and proposal of a new organization chart.
- Proposal of new departmental handguns and leather.
- Evaluation of video equipment.
- Development and proposal of Project T*R*I*P* (Trooper Recognition Incentive Program).
- Proposal for change in number of personnel required for weekend patrol duty.
- Proposal for change in content of Performance Appraisal Instrument to more nearly match the Job Description.
- Development of criteria for membership in the department's SRT team.
- Preparation of statistical analysis and comparison of posts and troops, by county.
- Designed directional system for visitors' use at headquarters.
- Designed the new Headquarters Conference Room.
- Development and proposal of "smoking policy" for DPS.

In addition, the Planning Officer serves as the Budget Officer for "Internal Administration" which includes the Office of Commissioner, Deputy Commissioner, Administrative Aide, Planning and Research, Office of Public Affairs, Investigative Services, Complaint Adjudication, Legal Services, and Headquarters Security.

Commanding Officer

Major C. R. Pinyan

The Commanding Officer provides administrative direction and control over field operations and provides for the allocation of manpower and equipment for the enforcement of traffic and criminal laws.

Approximately 825 sworn officers charged with enforcing traffic laws in Georgia are organized into nine troops. Each troop is commanded by a captain and aided by two assistant troop commanders who hold the grade of lieutenant. Each troop has five or six posts with a sergeant first class commanding each. There are 48 posts across Georgia and each is responsible for traffic enforcement on public highways in anywhere from two to five counties, depending upon the population density and geography.

ADJUTANT'S OFFICE

The Adjutant's Office assists the Commanding Officer in his everyday duties of the Georgia Department of Public Safety.

The office is also responsible for the Department's Awards Program, Employee's Suggestion Committee and transmission of data from Operation Nighthawk.

The Adjutant serves as the liaison for the Department to the Veterans Administration.

EXECUTIVE SECURITY

Operating under the Commanding Officer, twenty troopers and two radio operators are assigned to Executive Security. These troopers furnish continual security for the Governor and his family, the Lieutenant Governor and the Speaker of the House. The detachment is also responsible for the security of dignitaries visiting the state.

Personnel Services

Major K. D. Rearden

PERSONNEL

The Personnel Office is responsible for maintaining all personnel records for the 1750 employees of the Department of Public Safety and its attached agencies.

All sick, annual, compensatory, and forfeited leave records are maintained by the Personnel Office. All insurance, deferred compensation, performance reports, faithful service awards, and workers compensation claims and problems are handled by the Personnel Office.

This office also has the responsibility of monitoring the Department's compliance with the Fair Labor Standards Act.

The Personnel Office announces all position vacancies, screens all applicants for employment and, by working with the State Merit System, insures that each new employee is qualified for appointment and/or promotion.

GPOST certification for all new troopers is initiated by the Personnel Office along with all warrants and commissions for GSP officers.

During the past year the Personnel Office prepared over 1,800 Special Orders effectuating personnel transactions, and processed over 150 new employees for the Department.

COMPUTER SERVICES

The Computer Services Section is responsible for handling most of the computer operation for the Department of Public Safety. Computer Services is composed of three units: Data Central Unit, Application Support/RJE Unit and the PC Group/EDP Coordination Unit.

Data Central Unit

The Data Central Unit includes the keypunching of accident reports, arrest ticket disposition, emission inspection reports, driver license applications, manually reported no fault insurance cancellations and Motor Vehicle Reports (MVR's) not required on magnetic tape. Data Central also handles error correction for driver license issuance records and the reinstatement of revoked or suspended drivers license.

PC Group/EDP Coordination

This group has handled the logistical aspects of the CAI (Computer Assisted Issue) System including computer equipment acquisition, user training, installation and trouble shooting statewide. Similar functions were performed in the early stages of the 'MVR Project' which, when installed, will allow the public to obtain copies of their driving records from any of 53 locations statewide.

Technical assistance was provided the Personnel Division in the conversion of their massive '201' files to microfilm, providing an electronic index to same.

Many similar users were assisted in obtaining their "personal compuer" systems, programming their initial applications and learning how to use them. Among these were Aviation, Communications, Nighthawk, Procurement, Fiscal, Commercial Driver Training, and No Fault Insurance/Processing.

APPLICATION SUPPORT/RJE UNIT

The Application Support/RJE Unit of the Computer Services Section has the primary responsibility of transmitting all batch data processed by the Driver Services Section and the Accident Reporting Section to the D.O.A.S. mainframe in order to keep the appropriate systems as current as possible. The data involved in the Remote Job Entry Operation consists of Georgia Uniform Motor Vehicle Accident Reports, no-fault insurance cancellations, Motor Vehicle Report requests, Identification Card information, citations for violation of Georgia Traffic Laws. Also included are all forms necessary for the operation of the Georgia Drivers' License System concerning new issues, renewals, revocation, suspension and information changes on the data base files.

Other areas of responsibility assigned to the Application Support/RJE Unit are:

1. All programming on the three Nixdorf Data Entry Systems that is required to accurately perform any new data entry jobs that may be created, as well as any necessary changes required to existing programs.
2. Vehicle Accounting System — produce reports from monthly car reports submitted by drivers of assigned department vehicles.
3. Trooper Activity System — Maintain trooper monthly activity reports for statistical information when needed.

On a day to day basis, the Application Support/RJE unit keeps the overall civilian operation in a continuous flow by receiving daily and weekly update reports, error lists and data logs from the mainframe and distribute them in a timely manner back to each work unit in the Department of Public Safety to ensure the fastest and most accurate turn around of all data involving the public that we serve.

Personnel Services

AFFIRMATIVE ACTION

The Department of Public Safety's Affirmative Action Program is committed to providing equal employment opportunity for all qualified persons and to prohibit unlawful discrimination because of race, color, religion, national origin, sex, handicap or age. The Affirmative Action office is responsible for interviewing and explaining the pre-employment process to all prospective applicants. The equal employment policy emphasis is on female and minority recruitment for the Trooper Cadet, Radio Operator, and License Examiner positions.

This office conducts minority recruiting by visiting colleges, vocational schools and employment agencies in conjunction with the Merit System on a state-wide basis. During the year 1987, the recruitment officer attended various meetings throughout the state, completed 99 interviews with applicants and 62 were scheduled for polygraphs for the position of Trooper Cadet, Radio Operator and License Examiner. It also provides technical assistance to departmental supervisors regarding goalsetting and workforce analysis.

Training

The Training Section is responsible for the basic training of new recruits, additional training for sworn personnel, and training courses for civilian personnel. During the past year, the 62nd Trooper School was held and 30 cadets completed 28 weeks of intensive academic and field training.

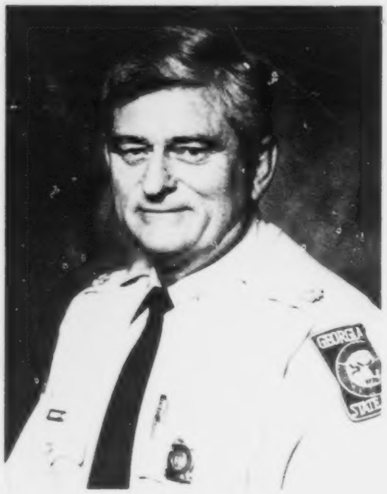
In addition to the Trooper School, the following training programs were held and attended by sworn and civilian personnel. These schools include a variety of training from secretarial to criminal apprehension.

1. 33 schools were provided for civilian personnel and attended by 112 employees.
2. 41 schools were provided for sworn personnel and attended by 477 employees.

Another responsibility assigned to the Training Office is to design and administer the Georgia State Patrol Promotion Exam. Approximately 575 personnel took the 1987/88 promotion test.

1988 plans include the 63rd Georgia State Patrol Trooper School and the completion of a 40 hour supervision/management course. All annual firearms training will be coordinated through this office and work will begin on the newly mandated 20 hour annual in-service training.

Special Operations



Major E. R. Stephenson

Special Operations Division

Major Ray Stephenson, Division Director, Special Operations Division, had provided supervision and direction to the diverse units assigned to his command. The Aviation Wing continues to provide outstanding service to the citizens of this state with its drug interdiction-eradication program. The unit is nationally recognized for its productive efforts.

Exemplary service has been provided by the Implied Consent Unit in the maintenance of the intoximeters throughout the state and the training of intoximeter operators. Safety Education has continued with its model Alcohol and Drug Awareness Program with many positive results.

The School Bus Safety Unit continues with a high degree of visibility through its acclaimed school bus driver training program. The unit's program has evolved into a model often referenced by other states. The Intra-Agency Highway Support personnel have maintained a commanding posture in construction zones and with their diligence to safety, have been instrumental in the arrest of hundreds of violators.

Under the direction of Major Stephenson, Emission Control has revised its rules and regulations prior to the implementation of the computerized emissions inspection program. These improvements should bring the Georgia program into compliance with newly identified federal requirements.

Although a new program under the the Special Operations Division, the Motorcycle Safety Unit has made a tremendous amount of progress during its first year. The rider education and training aspect of the comprehensive program entered into a state accreditation agreement with the Motorcycle Safety Foundation which recognized the Georgia program as one of only eight states in the country able to comply with the established requirements.

Motorcycle Safety Unit

The Motorcycle Safety Unit is enacting a comprehensive motorcycle safety program which includes: rider education and training, licensing improvement and motorist awareness. The 1987 operational year witnessed the opening of seven training sites within the state, implementation of a mobile training unit, conducting of instructor certification courses and the enrollment of students throughout the state. Motorcycle licensing improvement involved the development of a Georgia Motorcycle Manual and written examination to accompany the manual. Motorist awareness efforts included the development and inclusion of the Sharing the Roadway Supplement on the Georgia Drivers Manual which alerts motorists to many of the peculiarities of motorcycle operation. Operation also included working with the Accident Reporting Section to compile an extensive record of motorcycle accident and fatality statistics.

Implied Consent

During 1987 the Implied Consent Unit conducted twenty basic intoximeter schools at the Georgia Police Academy. A total of 631 new intoximeter operators were trained during these classes.

In addition to the basic schools, there were also four one-day refresher classes conducted by the unit in 1987.

At the present time, the Implied Consent Unit is providing supervision and technical assistance to approximately 340 law enforcement agencies who are participating in the breath testing program.

Emissions Inspection

The Emissions Inspection and Maintenance Unit have recently been engaged in the implementation of a new computerized analyzer program. With the advent of this program, it is expected that we will have a much improved inspection program. This should virtually eliminate the possibility of favored inspections, as a printout of each inspection is provided at the time of such test.

Safety Education

The Safety Education Unit has been involved in numerous aspects of safety statewide. They have conducted programs to include: Defensive Driving, Truck Rodeos, Bicycle Rodeos, Safety Lectures and Career Day programs in our schools. However, our primary thrust continues to be the mandated Alcohol and Drug Awareness Program. They are responsible for teaching or coordinating the instruction of approximately 120,000 students annually in the four-hour awareness program.

Special Operations

School Bus Safety

The primary responsibility of the School Bus Safety Unit each year is providing safety instruction training to bus driver instructors from the local school districts, county and city, and to assist them as they train their individual bus drivers on the safety laws, regulations and safe operations of the buses. The School Bus Safety Unit conducts three basic instructor courses and the instructional courses are followed by three advance instructors' courses to prepare the local system instructors on setting up their safety lesson plans. In addition to the basic and advance courses, the School Bus Safety Unit schedules mini-institutes around the state to afford large groups of bus drivers our safety information.

In May and June of each year, District Bus Driver Road-E-O's are conducted to select district winners to complete in the State Road-e-o. In 1987, Georgia had the distinction of the first place and third place winners at the National Bus Driver Road-E-O held at Denver, Colorado. Cecil Weaver won first place in the points and Dewy Altman won third place. Both drivers were from the Appling County School System.

IAHS

The Intra-Agency Highway Support Section Personnel continued their role in the support of the Department of Transportation. Their primary objective is to assist the DOT in construction zone traffic safety. Their efforts have been most productive and have gained the praise of the DOT and the acceptance of the motoring public.

Aviation Unit

The Georgia State Patrol Aviation Unit was involved in many various operations during the year 1987. The pilots were instrumental in making felony arrests not limited to the "Governor's Task Force on Drug Suppression". The arrests were made in a variety of operations.

The Aviation Unit's personnel were responsible for locating four lost or missing children, capturing four armed robbers, recapturing five escapees, plus making eighteen other felony arrests.

The Georgia State Patrol Aviation Unit assisted in seizing 119,355 domestic grown marijuana plants for an estimated total of $103,045,696. Arrests stemming from the Marijuana Eradication Program totaled 320. These arrests were made in joint operations involving the Governor's Task Force Operation and with numerous sheriff's departments and other law enforcement agencies across the state.

The following is a breakdown of the Aviation Units flight hours:

Driver Services

Major H. H. Clark

Administrative Services

This section consists of the Hearing, Driver Improvement and Court Liaison Activities for the department.

The Hearing Section held 1,927 hearings which relate to the suspension of driver's licenses by our department. Out of the hearings, 854 suspensions were withdrawn based on the evidence submitted by the licensee or for the lack of prosecution by the arresting officer.

This section is also responsible for any appeals, both administrative and judicial. Administratively, the department has processed 66 requests for the commissioner's final agency decision which may be appealed to the appropriate court of jurisdiction. Our department has received 20 judicial appeals which are processed by this section and mailed to the Attorney General's office and the appropriate court for review.

The Driver Improvement Section is responsible for the operation of 146 clinics and 28 commercial driving schools. This includes the administrative and instructional aspects of its performance under the guidelines provided by our department. Under these guidelines, there has been 24 clinics and two schools which have been penalized for their failure to meet or maintain these standards.

The Liaison Officer has the responsibility for notifying the appropriate personnel of changes that have occurred within our department. This includes the superior and state courts, as well as lesser courts that handle traffic cases within our state. He provides these judges with new departmental procedures and legislative changes that might affect the administration of their court.

Driver's License

The Driver's License Section of the Driver Services Division is responsible for the issuance and processing of all driver's licenses for the state of Georgia. There are approximately 4.5 million licensed drivers at this time. Provisions are also made for the renewal by mail of those drivers currently residing out-of-state for student or military purposes.

This section also processes all undercover driver's licenses, as well as handicap parking permits and non-driver identification cards.

Additionally, this section receives and processes all conviction reports disposed in the various court jurisdictions throughout the state. This requires the review of all information thereon and proper coding for application to the appropriate driver records.

Through the efforts of sectional personnel, under the direction of Major H. H. Clark, Division Commander, and in accordance with criteria established by the AAMVA, the Georgia Driver Examiner Certification Program was established and implemented in 1987. This is part of a national program and this Department is honored and proud that Georgia was the first state to achieve 100% certification of all eligible examiners.

The basic concept of this program was to upgrade the professionalism of all certified examiners and to assure that individuals conducting driver examinations are qualified in displaying extensive skill, knowledge, experience and training in the art of driver licensing. This certification establishes performance, behavior standards and requirements to maintain certification and incorporates a system to provide incentives for the examiners to maintain the physical ability and training in order to perform their duties proficiently. Certification allows the examiners extended career goals and increased pride in their positions.

The Department feels the benefits of the Georgia Driver Examiner Certification Program will include improved public perception and awareness of the driver examiner, improved morale and self-esteem among driver examiners and will enhance the efficiency and effectiveness of the examiners. It is anticipated that the program will attract quality applicants for this job field in addition to increasing emphasis on quality control as a result of statewide uniformity in testing and licensing standards.

Insurance Services

The Insurance Services Section is comprised of three units: the Insurance Unit, Safety Responsibility and the Self Insured Program.

The 1987 session of the General Assembly passed an amendment to the insurance law which included more stringent penalties for uninsured motorists. The Insurance Unit consists of 11 permanent employees and 24 temporary employees handling the high volume of suspensions from the insurance cancellations, convictions and retrieval of suspended driver's license and tags that are not surrendered voluntarily.

Driver Services

The Self Insured Program Unit has one permanent employee who is responsible for processing new and/or renewal applications, information requests, claims for injured parties against self insureds, hearings when necessary and keying new and updated information into the computer.

The Safety Responsibility Unit has six permanent employees and is responsible for processing accident claims on uninsured motorists when there is a reasonable possibility of a judgment being rendered. Claims are also processed on unsatisfied judgements and on out of state accidents in which a Georgia resident was involved.

Process Section

The Process Section was established on May 1, 1987 as a part of the Driver Services Division. The purpose of the section is to relieve troopers from the task of serving No Fault Insurance Suspension Official Request for Pickup Service orders, thus providing for more time for assigned traffic duties.

Initially, thirteen persons were assigned to the Metropolitan Atlanta area, including DeKalb, Clayton, Cobb and Fulton counties. Since it was necessary to send these new trooper cadets to Mandate School, only Fulton County was initially served with the five certified officers who were hired. As the remaining cadets completed their certification, they were assigned to the remaining three counties with the final assignments being made September 1, 1987.

As part of this test phase, one of the cadets was transferred to Bibb County, thus relieving the posts in Perry and Forsyth of serving the orders there. This experiment has worked well.

Between June 1, when the first orders were received, and December 31, the Process Section has received 12,815 pickup orders. 12,341 orders were cleared, either through actual service on the individual or by determining that the person was unable to be located due to having moved or given an improper address.

The results of this test phase of the Process Section have been positive. It is the intention of the Department to recommend the continuation and expansion of this procedure.

Troop Awards from 1987:

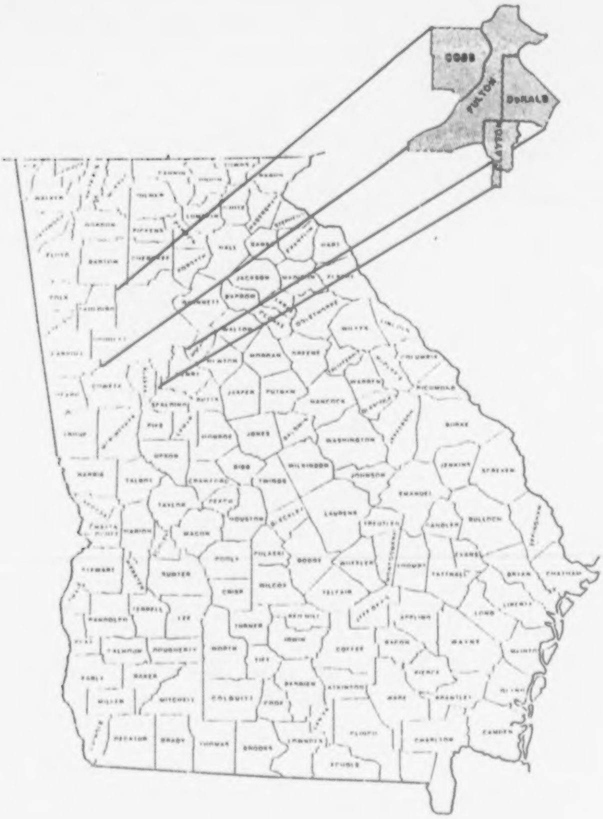
Proficiency Award — TFC Doug Cochran	Post 6
ACE Program Troop Award — TFC Doug Cochran	Post 6

TROOP C



Troop C is composed of three posts which work the greater metropolitan Atlanta Area. Troop headquarters is located in Marietta. Troop C is responsible for Fulton, DeKalb, Clayton and Cobb counties.

1987 was the year troopers in the Atlanta area began an intense patrol effort on the interstate arteries during peak traffic hours. The issue was the subject of a joint session of state and local agencies to address the problem. Authorities had noted a rise during peak traffic hours in tractor trailer related fatalities. This intense patrol effort has proven to be a positive move with a 20% decrease in tractor trailer related fatalities on I-285 and an additional 4901 arrests.

Special details for Troop C in 1987 included:

- Troopers being assigned to Forsyth County for civil disorder detail in January.
- College Park security detail in February for Ku Klux Klan march.
- Troopers working traffic detail at Atlanta International Raceway.
- A dignitary motorcade for Vice President George Bush in March.
- A military convoy escort in April.
- Traffic detail associated with the Peachtree Road Race on Fourth of July.
- Assisting with the riot detail and escorts associated with the Atlanta Federal Penitentiary.

Troop C personnel were also assigned to a traffic detail in May at Dobbins Air Force Base. The annual Air Show at Dobbins attracts an average of 300,000 people over the two day event.

Almost 20 troopers are assigned to the annual school bus inspection during July and August. The troopers inspected almost 2000 buses in preparation for the new school year.

Troop C personnel assisted with two major manhunts during 1987. In October, a manhunt was established after a bank robbery suspect shot and seriously injured an officer of the Cobb County Police Department. The gunman escaped and later committed suicide. His body was found in California. Trooper J.P. Strickland apprehended a burglary suspect inside a clothing store in Marietta during a manhunt in November. The suspect was one of two men being sought by Marietta Police after the incident where shots were exchanged.

Troop H is composed of six posts which are responsible for 21 counties in southeast Georgia, including Georgia's "Barrier Islands". Patrol posts are located in Hinesville, Helena, Reidsville, Waycross, Brunswick and Jekyll Island.

Post 11 Hinesville

Work was completed in 1987 at the Hinesville patrol post on a remodeling project from 1986. The work included replacing curtains and drapes and installing blinds. Offices received new paneling and carpeting with new tile installed in the radio and checkout rooms. The interior of the building was repainted and a weight room established. Improvements were made to the license room while a storage building was added and the parking lot repaved. The improvements were made through the joint efforts of the Commissioners of Liberty, Long and McIntosh counties.

Captain R.E. Gilder assumed command of Troop H in 1987.

In the area of Operation Pipeline enforcement, TFC B.A. Riner led the department with over $438,000 of drug money seized. A seminar was also held by Post 11 for local law enforcement officers on Operation Pipeline.

Post 16 Helena

The Helena post is responsible for patrol duties in Dodge, Jeff Davis, Montgomery, Telfair and Wheeler counties. Improvements to the post in 1987 included the construction of a canopy over the gas pump and a new 3000 gallon gas tank. The new tank replaced a 1000 gallon tank.

Personnel changes during 1987 saw SFC Carl Manning retiring in September and SFC E.A. Floyd promoted to Post Commander. TFC B.Q. Christian retired in December. New personnel to Helena were R/O J.B. McCard, R/O Margaret Neal, Secretary/Typist Cheryl Bonita Taylor, R/O Bobby Solomon and TFC J.L. Conner.

Post 18 Reidsville

Reidsville is responsible for activity in Appling, Evans, Tattnall and Toombs counties. During 1987, accidents, injuries, fatalities and arrests decreased slightly while warnings increased. Post 18 ended 1987 with 10 troopers, five radio operators and two license examiners.

Traffic patterns in the area have shown an increase thanks to an increase in the work force at the Georgia State Prison, Rogers Correctional Institute, Hatch Nuclear Plant and other industries. There has also been an upsurge in recreational vehicle fatalities noted during 1987. License issuance and renewals are also increasing as well as traffic volume for the post area.

Post 22 Waycross

Post facilities in Waycross were renovated in 1987. Improvements included office and bedroom renovations with new acoustic ceiling installed throughout the post. All labor was supplied by the Ware County Correctional Institute and done under the supervision of Corporal J.L. Sirmons. The savings amounted to approximately $7000 in labor costs.

Post 23 Brunswick

The drug interdiction program was a great success in Brunswick during 1987. Troopers seized 543 kilos of cocaine, 12.3 kilos of crack cocaine, 781 kilos of marijuana, 268 pills, and more than 2.2 million dollars in currency. Of all the traffic stops made by personnel from Post 23, 571 evolved into drug related stops. The total drug related arrests numbered 949.

During 1987, the Brunswick patrol post received a much needed facelift. The improvements enhanced the appearance of the post. The renovation was pleasing not only to the public eye but was a morale booster for personnel. All carpeting was replaced and 15 year old drapes were removed and replaced with blinds. A complete set of living room furniture, kitchen chairs and bookcases were added. The entire exterior of the building was painted in addition to the license room.

Post 35 Jekyll Island

The patrol post on Jekyll Island is responsible for patrol on the island. Convention and visitor traffic on the island increased during 1987. The annual Beach Music Festival is held on the island with troopers from other Troop H posts assisting Post 35 personnel with traffic and crowd control. No major incidents were reported during the 1987 festival.
